PETS Training - An educational overview

General Breakout (GBO) Course: Facilitated Discussion
By PDG John A. Medina, Sr. PETS Training Chair

As the President-Elect of your club, what are your biggest challenges and concerns? What do you still feel unprepared for? As you look at your club, what are some of your best practices that you can share with others?

This GBO will facilitate group discussion of similar-sized clubs. Historically, this has been one of the highlights for PEs and provides an opportunity (as the last GBO session of Saturday) for open discussion and sharing.

In this GBO, Presidents-Elect will:

- Discuss issues and concerns of primary interest
- Share ideas about how to address club challenges
- Develop a support network of contacts in Florida (and visiting PEs)

Prior to coming to PETS, please take a moment to reflect on key challenges you or your club may be facing and outline the key elements for your club's success during your year as Club President.

If you have not already done so, please register for the upcoming PETS Zoom Sessions. Please register for these zoom sessions by clicking each zoom hyper-link (all times are EDT). Once you register, you'll receive the zoom invitation.
