PETS also features... FUN!

You are hearing all about the great learning you're going to experience at PETS, as well as the incredible speakers from around the Rotary world. But did you know you would also have great fun? Well, you will!

On Thursday evening, February 29th, District hospitality suites will officially open. Meet and greet members from your District and enjoy their fine fellowship.

On Friday, March 1, we will have a District face off featuring the wildly popular **Family Feud** game! All 8 Rotary districts in Florida will compete, and Friday night will feature the competition finals.

And that's not all! Also, on Friday night, you'll experience the incredible **BeatleBeat** tribute band to the original Beatles. **BeatleBeat** will catapult you back to the 60's with the timeless music of the Beatles, with the full costume show! Sing and dance to your heart's content to your favorite Beatles songs.

District hospitality suites will also be open Friday and Saturday nights for your enjoyment. Check with your District Governor Elect for suite number and times.

Have fun!

Getting Ready For PETS

By PDG Darryl Keys
2024 Florida PETS Chair

Hi again! There's lots to talk about getting ready for PETS. Is your partner or spouse coming with you to Orlando? They may wish to register for our Partner Experience right away! But hurry! Spouses/Partners can not be added after Feb. 8th. We will be having some laid-back sessions to help them better understand more about Rotary and the role of President of a Rotary Club. They also get to participate in our service project. See details below and more about this next week.

So, one of the common questions about PETS is what to wear!! [Read More](#)

Specifically for You!

By PDG Marcy Ullom
2024 PETS Training Chair

This newsletter usually contains information about all the experiences you can look forward to at PETS. But there's much going on in the Rotary world that is focused on you and your club, and is worth your time to learn about these programs.

Senior Rotary leadership has/is developing strategies for our most important challenges: membership engagement and retention; foundation giving; public image and these strategies start with the club. So, it's really about your club. Today, we're highlighting the Membership Action Plan [MAP]. Hopefully that's not new to you, but if so, it's worth your time as an incoming President to learn as much as you can starting with MAP.

MAP - Helping You and Your Club

I could fill this article with the reasons why the Membership Action Plan is so important, but will restrict the Why, so that I can explain the WHAT. However, the term GROW MORE TO DO MORE, may help lead you to your own WHY.

Yes -- growth, better Club experiences and the capability for your Club to achieve more, can flow from YOUR participation in the Membership Action Plan, or MAP for short. Over a year in development by Zones 33/34 Rotarians, this plan is aimed at understanding and presenting YOUR CLUB's successes, challenges, and solutions, with recommendations and assistance in planning to help create consistent moderate growth -- not boom and bust, but sustainable growth year-on-year.
